PROFESSIONAL SUMMARY

Highly skilled and innovative Full-Stack Developer with a proven track record of delivering scalable, high-performance web applications. Proficient in modern web technologies, including React.js, Typescript, WordPress, Webflow, Node.js, PHP, and Vite, with a strong focus on user experience, performance optimization, and seamless API integration. Passionate about solving complex problems, collaborating with cross-functional teams, and driving digital transformation through cutting edge solutions.

WORK EXPERIENCE

2023–2025

Full-Stack-Developer

JPT Technologies

- Led the development of enterprise-level web applications, ensuring scalability, security, and performance optimization.
- Designed and implemented RESTful APIs for seamless data exchange between front-end and back-end systems.
- Integrated third-party services, including payment gateways and authentication systems, to enhance application functionality.
- Ensured code quality through unit testing, debugging, and continuous integration practices.
- Collaborated with cross-functional teams to deliver responsive, user-friendly web solutions tailored to client needs.

2022–2023

Front-End-Developer Digital
Solutions Co.

- Built responsive, accessible, and visually appealing user interfaces using React.js, HTML, CSS, and JavaScript.
- Optimized web applications for performance, ensuring fast load times and smooth user experiences.
- Worked closely with designers and back-end developers to implement pixel-perfect designs and integrate APIs.
- Conducted code reviews and implemented best practices to maintain high-quality code standards.

2021–2022 Web-Developer
Freelancing

- Developed custom websites for various clients, focusing on functionality, aesthetics, and user experience.
- Utilized modern web technologies, including React.js, Node.js, and PHP, to deliver robust solutions.
- Managed client relationships, ensuring timely delivery and satisfaction with project outcomes.
- Provided ongoing maintenance and support for deployed websites, ensuring optimal performance.

SKILLS

- Front-End Development: Typescript, React.js, HTML, CSS, JavaScript, Vite, WordPress, Webflow
- Back-End Development: Node.js, Express.js, PHP, MySQL, MongoDB
- Full-Stack Development: API Integration, RESTful Services, Full-Stack Frameworks
- Tools & Platforms: Git, Github, Docker, Postman, VS Code, Figma

- Soft Skills: Collaboration, Problem-Solving, Time Management, Attention to Detail

NOTABLE ACHIEVEMENTS

- Successfully integrated modern web technologies (React.js, Node.js, Vite) to enhance digital platforms for clients at JPT Technologies.
- Built responsive, accessible user interfaces for enterprise applications, improving user engagement and satisfaction.
- Delivered custom web solutions for diverse clients, meeting unique business requirements and deadlines.
